

S BISD ATHLETICS UPDATE

Spring Break is just around the corner and it is a busy time of year for our Champion Chargers. Our boys and girls basketball teams are presently participating in the state playoffs. Our girls won bi-district and will play in the area championship against Killeen this Friday at Westlake High School in Austin. The boys team finished the regular season as district champions and are 31-5 overall and 11-1 in district.

Our boys and girls soccer teams are ranked #1 and #2 in the Express News Polls and our boys are ranked #32 in the nation by USA today. The playoffs for soccer gets underway the end of March and we are excited about our chances in both brackets.

Overall, bragging rights go to our boys swim team who won their third regional championship and will travel to Austin for their state meet Feb. 27th – 28th. This team has their best chance ever to make a serious charge for a state championship.

We have a lot to be proud of and are very blessed to have such wonderful athletes who are able to perform at such high levels both academically and athletically.

Some Boerne High School news: Dane Johnson, former defensive coordinator at Lewisville Hebron, was named our new head football coach for

Boerne High School at the February school board meeting. Please welcome Dane and Jill to town when you see them. If Mr. Johnson's name sounds familiar to any of you Red Raider fans that is because he was All-Southwest Conference and All Big 12 from 95-97.

Many thanks to our Boerne Business Community for your continued support and see you at the games! 

Sincerely,

Stan Leech

Boerne ISD Athletic Director

Boysville Texas Details:

Our campus is designed to help children in crisis who cannot remain in their own home for a variety of reasons. Our children come from homes that are in crisis, due to emotional, physical or sexual abuse. Sometimes, a parent cannot take care of the child due to a terminal illness and do not have the support of family to take care of the children.

Children who come to Boysville come from various backgrounds. Boysville does not look at the child's past...we look at their future. By providing food, shelter, and clothing, and medical services, we are able to provide the basic necessities needed to make the child feel safe and comfortable at Boysville. Our residents do not wonder if they will eat at night or if they will have a safe place to sleep. With our education services, our children realize their potential. We encourage education. We encourage them to explore college, trade or military options. Options that previously seemed like a dream. We are able to pull children out of abuse cycles or poverty cycles and teach them to become an active part of society.

Our mission statement is to help boys and girls become responsible adults.

We fulfill our mission everyday that a child goes to school, makes good choices, and continues to be a good citizen.

At Boysville, we are family.
